TO WHOM IT MAY CONCERN, *Re: Docket # 98N-1038*

Thank you for considering my opinion and request on new laws about to be implemented concerning irradiation of food products during production, processing and handling.

1. I request labeling on all food products which have been irradiated.
2. Please label all food products which consist of one or more irradiated ingredients.
3. As long as food products are being irradiated and allowed to be sold in the United States, please have these foods labeled irradiated.
4. As long as food products which contain ingredients that have been irradiated are allowed to be sold in the United States, please have these foods labeled irradiated.

Thank you for your concern of the consumer who will be purchasing food and food products. We depend on you to help us be able to make wise choices when we purchase food for our consumption.
